Eliathos building complex is a unique destination of refined beauty and splendid hospitality. It is superbly located just 500m south of the historic village of Archanes in Heraklion, overlooking the grand mountain of Yuchtas.

Its 6 charming residence houses, built with zest and taste, with names inspired by celestial signs, such as Iridanos, Sirios, Avgerinos etc., stand out for their beauty, their high aesthetics and their spacious and warm living areas. They nestle in a hillside, in a lush estate covering 10.000 m<sup>2</sup>, among olive groves and vineyards, with a panoramic view to the traditional village of Archanes, to Yuchtas historical mountain and to the wide blue of the gulf of Heraklion. The outdoor aspect of the complex is perfectly adjusted to the surroundings, following the traditional colour of the Archanes area. The stylish decoration of the interior in combination with the contemporary concept of service rendering guarantees a comfortable and enjoyable stay for all guests.

Eliathos is the ideal destination for relaxation and rejuvenation all year round. Its guests have the opportunity to surrender to the absolute peace of nature and appreciate the warm and friendly smile that is always available to them, building a new bond with the place, the buildings, the environment, the people, and eventually with themselves.
